

ADULT TAKE & MAKE

BEACH TERRARIUM INSTRUCTIONS

You will need:

- Mason jar with a lid
- Sand
- Acrylic paint in color of your choice
- Sea glass, seashells, driftwood, vase filler, etc. for decoration
- Rope
- Any other beachy decor of choice!
- Small fairy lights (optional)

Step 1: If desired, paint the lid of the mason jar to your liking.

Step 2: If desired, paint any driftwood or other decor to add to the jar. You can paint a word or expression on the driftwood like “breathe” or “relax,” doodle a pattern, or just leave as is.

Step 3: Pour a small portion of sand into the jar. Shake or tap the jar to make sure the sand settles.

Step 4: Place sea glass and/or vase filler around the center of the jar.

Step 5: Arrange longer accessories like driftwood, seashells, etc. in the center of the jar.

Optional ideas: Glue sea shells to the top of the mason jar lid using a hot glue gun. You can also insert a strand of small fairy lights to illuminate the terrarium. Tie a piece of rope around the jar once the painted lid is dry. Get creative!
