MeLCat Things to Know

- **You will need a library card in good standing** (not expired) from your home library (township/city you live in), along with your first and last name, in order to request materials and use databases
- **Not all materials are always available to request on MeLCat.** Participating libraries decide what is available to loan. For example, participating universities may not make certain textbooks or larger books available to ship elsewhere. If an item says “no copies available,” you should check back at a later date, as all copies may be checked out. If an item says “not requestable,” it is unlikely that a copy will become available.
- **You can only request items one at a time.**
- **Many MeL items cannot be renewed, or can only be renewed once.** The easiest way to track item status is through your library’s website, or by contacting the library directly.
- **You can request up to 70 items in MeL at a time!** (though we kindly ask that you don’t do so... unless you bring a reeeeeally big bag to the library!)

Summary	"Something isn't right at Caseham High School. Last year, the school was rocked by scandal: a teacher was accused of having an inappropriate relationship with a student. Now, Addie is a pariah and will do anything to get through the year. More than that, she's desperate to keep the truth from coming to light. Evie, a colleague of the disgraced teacher, is horrified to find Addie in her class. She knows the girl can't be trusted and soon realizes she's being watched - which is dangerous, considering she's hiding something from her husband. But each has secrets about what happened last year. And someone in this school will do anything to keep them silent"-- Provided by publisher.
